

CRY Patron

Sir Ian Botham OBE

Ex-England cricketer

“I am delighted to accept the position of Honorary President of CRY. We want all kids to have heart tests just as they do annually in Italy. Development of the Sports Cardiology Unit is crucial to underpin CRY’s very ambitious screening programme and save young lives. We must stop these terrible tragedies. Youngsters are dying needlessly – we can and must change things.”

Every week
in the UK
at least **12** apparently
fit and **healthy**
young people **die**
of undiagnosed
heart conditions

Offering **help**
and **support** to
affected families
