## CRY Patron

### Alison Waters

Professional squash player

*"It was following the tragic death of Harry Faulkner (age 18 when he died suddenly whilst playing squash) that I became aware of CRY and the amazing work that they do and it was something I wanted to be a part of.*

*I'm delighted to have become a CRY patron. I feel very strongly about helping promote, support and spread the word and to help create more awareness for young people to get tested. No family should have to go through the tragic loss of losing their child so young and I'm honoured to be working with CRY to help in any way I can."*
