

**Cardiac
Risk in the
Young**

Registered Charity No: 1050845

CRY Patron

Lawrence Okoye

American football player.

"I have a strong affinity with CRY after a 16-year-old school friend of mine died suddenly. If you are fit and healthy the only way that you can find out whether you are carrying an undiagnosed heart condition that could kill you is to be tested. CRY give young people the chance to know. Worth thinking about? It could save your life."

Every week
in the UK
at least **12** apparently
fit and **healthy**
young people **die**
of undiagnosed
heart conditions

Offering **help**
and **support** to
affected families
