Lee Mears

Former English rugby union footballer

Lee is a former English rugby union footballer, who played hooker at Bath and for England and had 42 England caps during his 16 year career in professional rugby. On 11 February 2013 Lee was diagnosed with a heart abnormality that forced him to immediately retire from his professional rugby career. We were delighted to recently welcome Lee as a CRY patron.

Every week
in the UK
at least **12** apparently
fit and **healthy**
young people **die**
of undiagnosed
heart conditions

Offering **help**
and **support** to
affected families
