

**Cardiac
Risk in the
Young**

Registered Charity No: 1050845

CRY Patron

Sir Steve Redgrave CBE

Former British Olympic rower

"I am pleased to be a Patron of CRY having had first hand experience of the impact of such a death. Robert Hayley was my best friend and crewmate. He was extremely fit and we had just recently as juniors won a senior race together. We had been watching TV. He suddenly stood up and died of what we were told was a cardiac abnormality. He was 17. That memory is always with me. Supporting CRY's work is something I am delighted to be part of."

Every week
in the UK
at least **12** apparently
fit and **healthy**
young people **die**
of undiagnosed
heart conditions

Offering **help**
and **support** to
affected families
